2. What problems did you run into? What is your plan for them?

I had issues with form data persistence and layout alignment, which I plan to fix by refactoring state management and adjusting CSS.

3. What is the current overall project status from your perspective?

The project is going well, we are just having some trouble understanding database functions and stuff

4. How is your team functioning from your perspective?

Team is functioning well, we are helping each other and making sure we are on track

5. What new ideas did you have or skills did you develop this week?

I have learned more about Neon databases and using them in React projects

6. Who was your most awesome team member this week and why?

Our most awesome member was Paul because he spent a lot of time on the database and making sure that it all works.

Plans for Next Week

What are you going to work on this next week?

I am going to continue working on my sprint tasks, and working on the report.
